

After Your Days

Some people think it is very important to make provision for their pets after their days.

We recommend that people arrange for a friend or relation to have their pet should any thing happen to them, but this is not always possible.

Therefore Llys Nini has this service for local people in the South Wales Area.

The National RSPCA in Wales and Englan also run a scheme called Home for Life which you can see on their website.

What to do

If you would like Llys Nini to look after your pet after your days please contact us. By writing to us—please see over leaf.

We will then write back to you to confirm that we will accept your pet should anything happen to you. You must keep that letter safe and put it with your will and tell friends and family about your wises. Please also leave at least £100 to Llys Nini to cover our expenses.

Llys Nini has limited space so we may not be able to take in your pet straight away but if that is the case, we will put it into a private boarding establish such as a local kennel or cattery until we do have room.

Once at Llys Nini we will do our best to find it a new home.

Why do we ask for a donation in your will

Llys Nini is a small independently registered charity.

We ask people to leave us at least £100 in their will to cover the expense of any possible boarding fees at a cattery or kennels.

The wording in your will should be

“I give to RSPCA Llys Nini Cardiff to Swansea, registered charity number 224337, the sum of £x or the whole (or a share) of my residual estate.”

Llys Nini cannot agree to be responsible for any boarding or veterinary costs BEFORE they take procession of the animal
